Salmonfly Drift Boat

Steelhead Drift Boat

TO ORDER: 208-869-7384 or Link@streamtechboats.com

The Salmonfly model

© Link Jackson Art

The “Who” “What” and “Why”

In 1997 our founder, Link Jackson, set out to create something that did not exist at the time, an inflatable drift boat that rowed really good and was stable, durable and safe for his small children. It had to offer all that his traditional drift boats did along with all the advantages of Inflatables. The end result is a product group that changes everything. 2021boats include the 13'6” **Salmonfly** and the 14'6” **Steelhead** plus a wide array of accessories that offer those seeking high end performance a total solution to their river floating needs. Keep an eye on Streamtech Boats...we are at the forefront of innovation in inflatable boat function and working to support the rivers, the fish and the wild places we all love.

Artisan Series Square Top Oars

The Steelhead—Artisan Series
Artist: Link Jackson

Link Jackson is also an artist. Link and Zac Kauffman of Sawyer oars hatched an idea to use Link’s art on Sawyer’s Square Top Oars to create a special oar with a portion of each sale benefitting conservation groups working to protect, recover and enhance the rivers and waterways that wild Salmon and Steelhead desperately need for their very survival. The project expanded to include several outstanding artists that all donated their art to help the fish. To “walk the walk” so to speak, Streamtech has made Artisan Oars standard equipment on all Streamtech Boat packages. This assures a constant revenue stream to help recover and protect the rivers and fish we all love.

Fish Art and Boats:

With two artists on the team we have created artwork to beautify your Streamtech boat. Each boat features a fish art logo. Now we offer boats finished in hand painted colored urethane fish art. We also offer solid ash decks with fish art wood burned and finished in, not to mention the above referenced Artisan Series Square Top Oars. These art works offer a unique finish to our boats that truly set them apart in every way. Boat and deck art is done to order by hand and each image is an original. See Accessories for pricing

TO ORDER: 208-869-7384 or Link@streamtechboats.com

BOATS

The Salmonfly

The **Salmonfly**, includes our engineered bow to stern rocker that brings fantastic rowing performance to inflatables. The hull glides out on the water's film, spins effortlessly and just plain rows really good. It carries heavy loads, drafts shallow and offers a three cargo bay frame design allowing a broad array of configuration possibilities. The Salmonfly is that "One" boat you need for drift fishing on all the classic streams, drift fishing on the really rough streams, week long expeditions in wild rapid strewn wilderness areas and even class V paddle rafting adventures. It truly bridges the gaps between all the river boats and gives you the ability to do it all with a single boat. Frame assembly and break down takes about a minute with no tools and the multitude of available accessories cover all the bases. StreamTech Boats include Maravia's **10 year warranty** (5 commercial).

Accessories and Options

Accessories include Storage Boxes, Decking, Work Trays, Boat Covers, Trailers and a host of other quality equipment. They can be seen on our Web Page, tab:

Built exclusively for
StreamTech Boats by

2021 Package Price \$9,954

Key Benefits

- STABLE and safe; perfect for beginners or experts
- Outstanding rowing performance
- Handles rough, technical streams well
- Carries heavy loads with ease
- Hard & rockered "Drop Stitch" floor: excellent for standing on while fishing and for quick maneuvering
- Class VI Fabric: tear & UV resistant, highly durable
- Thermofused construction; no glue to fail
- "Seamless Encapsulation"; high impact urethane finish for an abrasion resistant tough boat
- 3 gear bays; 3 padded seats; non-skid finish
- StreamTech Anchor System: smooth, internal, easy
- Front & rear fisherman padded "retaining" lean bars
- Nested frame; rock solid, no slop, no movement
- Carries 5 sizes of expedition water tight gear boxes
- Frame assembly without tools, fasteners or hassle
- Front bay inside splash guard eliminates splatter
- 2 Artisan Series Sawyer Square Top oars standard

Boat Specs

- Dimensions: 13'6" L x 6'6" W x 20" Tubes all around
 - Weight: 195lbs. (Boat 120lb., Frame 75lb)
 - Capacity: 7 man, 1,300 lbs.
- Maravia 10 year warranty (5 year commercial)

The Steelhead

The **Steelhead**, shares the same bow to stern rockered hull engineering with the Salmonfly that brings outstanding rowing performance to inflatables. The hull glides out on the water's film, spins effortlessly and just plain rows really good. It carries heavy loads, drafts shallow and offers a three cargo bay frame design allowing a broad array of configuration possibilities. The **Steelhead** is our BIG boat. This boat is for bigger people, bigger families, bigger cargo loads, bigger water...bigger everything. It is a fine drift boat for fishing and a fine expedition boat capable of bigger loads and bigger waters. The frame assembles and breaks down in minutes and offers all of our popular fishing amenities. We offer a solid array of accessories for the Steelhead to meet your every need. All StreamTech Boats include Maravia's **10 year warranty** (5 commercial). We offer the Steelhead as a package or the raft alone.

StreamTech Boats

Standard Equipment Listing

Quantity	Item	Note
1	Boat	Streamtech Designed, Maravia built, self bailer
1	Textured finish, Splash Guard	Non-skid Urethane finish on tubes and floor, Splatter guard in front compartment
1	Tarp with strap for transport	To wrap & protect deflated and rolled up boat in during transport
1	Repair Kit	Glue, Patch material, sand paper, cheese cloth, valve wrench, dry bag
1	Maravia warranty & documents	10 Year warranty on Maravia Boat (5 year for Commercial operations)
1	Frame + 2 seat brackets	Full break down fishing frame, converts to whitewater frame
1	High Back Drain Hole Seat	Cushy 13" high back oarsman seat with drain
2	Clamshell Pro padded seat	Folding, padded fishing seats for front and rear fishing positions
2	Swivel seat base	Swivel mount for front and rear seat
2	Padded Lean Bar Covers	Marine vinyl zip on lean bar covers and foam under wrap
2	Composite Split Oar Stop	Composite split mount oar stops
2	Artisan Square Top oars	Artisan, Link Jackson art, shoal cut; Salmonfly 9'; Steelhead 9'6"
2	Sawyer Cobra Oarlock	Toughest oarlocks made, superior range of motion
4	2.5' straps - frame/oars	Cam buckle, heavy duty nylon straps from Salamander
7	2' straps - seats/lean bar	Cam buckle, heavy duty nylon straps from Salamander
1	Double Action floor pump	Stand up barrel pump, double action
1	Clam Cleat	Secures anchor rope when anchored up or in travel mode
2	Salamander climbing pulley	Top quality climbing pullys for anchor system
1	Swivel Clip/rear ring to rope	Secures anchor rope to frame and allows rope twist to release
2	Anchor Shackle	Solid chain Shackle to secure anchor to
1	Hardware Pkg. (nuts/bolts,etc.)	For initial set up of seats to brackets
50	50' 3/8 anchor rope	Solid braid nylon rope from Salamander
1	Surprise Streamtech swag	Could be a Voormi shirt, vest, pull over, hat or some other such treat

What our customers have to say about us

It's been a solid year and half since I took delivery of my Steelhead and I couldn't be happier with it. After countless day trips and a handful of multi-days, I'm more in love with the boat than ever before. I've fished from every position on the boat, taken my toddlers out on their first floats, and even run Class IV whitewater while fully loaded. The whole experience of boating in the Steelhead is a night and day difference from when I used to rent NRS expedition raft packages.

Jeff Lee, Bozeman, MT

I just wanted to write to thank you for building the best boats out there! I took the Steelhead out for it's maiden voyage on the Yellowstone today and I absolutely love it! It far exceeded all the expectations I had for it. For a big boat it rows like a boat much smaller. It is more nimble than my old smaller boat even. It rows like a dream and moves around the river so easily. I love that it takes little to no effort to put it right where I want it on the river. Thanks again for building my dream boat! I can't say enough great things about it! It is so much fun! Thanks again!

John Wills - Livingston, MT

*Link, I wanted to drop you a quick note on my Boat. 1 year in and I'm even happier than I thought I would be....and I was expecting to be thrilled. It is in many ways the perfect platform to row, to maneuver, to guide, to tour, to transport, and especially to catch fish from. It combines the best attributes of both a drift boat and a white water raft and it is a cinch to row. People love to see it and I get comments all the time. You've built a unique and incredible craft and I am proud to row it. Thank you for building and backing up a great product. **Jim Dawson, Cameron MT***

Oh man, Link, this thing is AMAZING! Took it out yesterday for the initial ride from Moose to Wilson on the Snake. I rowed first, as I obviously was excited to see how she performed. And I was certainly the opposite of disappointed! She slides across the water like a hard drift boat, but punches eddy lines with confidence and unmatched stability. We were all amazed at how awesome fishing from the BACK seat is...I mean, what boat have you ever been in that you actually don't mind fishing out of the back?!! We love how high up you are back there, even while seated! Also love the height of the rower's seat as well...definitely easier to see the fishies from up there (of which there were many!)

Travis Goodman, Jackson WY

I want to again mention that I get so many compliments on my streamtech and people definately come over and check it out! You have done a great job with this and I am so happy to have one!

Brad Owens, Washington State

Boat Bags, Rod Racks, Coolers,

Standard

Fishpond Thunderhead Submersible Duffels:

After testing these water tight bags we conclude there is no finer bag on the market. They hold their shape, have a tough bottom and are 100% water tight. We tested them on the Salmon River, the Middle Fork of the Salmon and 20 days in the massive white water of the Grand Canyon.

Thunderhead standard: 21" x 12.5" x 11" \$299
Thunderhead Large: 30"x15"x15"; \$399

Fishpond Cut Bank Boat Bag:

Best boat bag we have seen.
 17"x10.5"x10" \$249

Large—with backpack straps

The Raft Rod Rack:

Telescoping to fit two rods on any raft. Rods of up to 10' or up to 14'. Anodized Aluminum or Powder coated.

10' Anodized \$625; 10' Powder Coated \$550
14' Anodized \$875; 14' Powder Coated \$750

Cooler Bay Deck: plywood varnished and foam top. Great for stabilizing big coolers, for gear and dogs. **SF 18x36; SH 20x40 \$ 150 ea.**

** See Steelhead Boat page for view from above

Igloo 48qt Ice Cube Cooler (Salmonfly) \$ 65

Coolers: Expedition coolers that fit the Salmonfly and Steelhead are listed Here. The Salmonfly fits the Cordova 88 best, but a Yeti 75 will fit. The Steelhead fits several with our favorite being the Orion/Jackson 85 but the boat will take up to a Yeti 125. The Igloo 48 pairs with a Cube Cooler Bay Gear box in the Salmonfly only.

Cooler \$399; Foam \$85

Cordova 88 for Salmonfly

Cooler \$470

Orion/Jackson 85 for Steelhead

Yeti 110—Steelhead \$499
 Yeti 125—Steelhead \$549

Oars & Oar Accessories

D.

- A. K Pump 40, two stage top off pump. **\$ 139**
- B. Double Action Wonder Pump **\$ 39.95**
- C. Salamander 4" floor pump . **\$ 149**
- D. Salamander 22" Top Off Pump **\$ 73**

Decking Rails & Boat Covers

Solid Ash Wood Deck Rails: StreamTech ash wood deck rails enhance the boating experience substantially. Built of heavy solid ash and finished in marine Spar Varnish with non skid finish, they improve footing, provide a large work surface, offer dogs a great vantage point and improve getting in and out of the boat. And we love the rich look of wood. Available for all models. Left rail fits all StreamTech Boats and also fit the right side on boats built after July 2013.
GD and SF \$275 ea. / SH \$300 ea.

Bench Seat with Foam:

Also pictured here is the StreamTech plywood bench seat finished in Marine Spar Varnish with foam on top; includes mounting straps (pictured with yellow straps at front position). 16"x40" bench fits either SF or SH **\$180 ea.**

Fish Art Wood Burning on Rails:

Art by Rebecca Bowdler; Hand made and finished in. A real touch of Class for your boat. Each Rail is unique. **\$300 ea.** (price includes a fish, more complex work will be by quote)

Lean Bar Covers: Zip on covers to go over foam and wrap on lean bars. Made of heavy duty marine vinyl. These covers are tough, comfortable and look sharp.

- Green Drake: \$122 pair**
- Salmonfly: \$137 pair**
- Steelhead: \$144 pair**

Boat Covers: StreamTech Boat Covers have a custom fit specifically for our boats. They are built of tough marine grade materials that hold up under use. They feature full "sock" fit at the front, cam strap drawstring at the base

- Green Drake Boat Cover \$ 604**
- Salmonfly Boat Cover \$ 620**
- Steelhead Boat Cover \$ 720**

Trailers

StreamTech Trailers Our trailers are built tough with difficult conditions in mind. They are built of steel with heavy duty axles, heavy duty Henderson double sealed bearings, leaf springs, heavy duty 15" radial trailer tires, spare tire, roller at rear for on/off loading, strap winch on removable post, swing away jack, 2"x8" plank decking, powder coat paint, tons of tie down points, LED sealed lights, 2" ball, standard round 7 prong electrical plug (others optional on request) and a host of options. Special configurations are routinely constructed for our customers based on their specific needs. **Accessories include** Urethane Line-X rock guard on leading edges, wide cargo bay for motorcycles and custom configurations. Give us a call to discuss these options. **Boat abbreviations: SF=Salmonfly, SH=Steehead**

Standard 15' Trailer: Our standard trailer is built on a 3500 lb. axle and measures 99" total outside width and 81" between wheel wells. Deck is 8' long. The post for the winch is removable so the boat can be moved forward all the way to the ball for storage resulting in 3' to 4' less total length. It includes access walk ways along each side in front and rear of the wheel well. A Mountain Bike can be carried straddling the wheel well with a SF boat on board and tie down points are included for this purpose. SF and SH boat trailers weigh 700lbs. Total length with boat aboard will be: SF=18' ; and SH=19'. Total deck size 7'x8' Price: **\$2,995**

Cargo Trailer : Our cargo trailer is built on a 3500 lb axle and measures 99" total outside width and 81" between wheel wells. It includes access walk ways along each side in front and rear of the wheel well. 24" Cargo box front to back and has hinged doors on either side for quick access. Removable winch post Std.. The cargo bay can be modified to accommodate a motorcycle. Length =18.5' Total length with boat aboard will be +3' for SF and +4' for SH. Deck size 7x12. Price: **\$ 4,375**

Standard Trailer, Wheels Under: This trailer shares the same configuration as the Standard 15' Trailer but has 14" wheels under the deck. The trailer is narrower for narrower garages. Overall width is 82". Total length with boat aboard will be: SF=18' ; and SH=19'. The post for the winch is removable so the boat can be moved forward all the way to the ball for storage resulting in 3' to 4' less total length. Deck size 7x8. Price: **\$2,900**

Cargo Trailer, Wheels Under: This trailer shares the same configuration as the standard Cargo Trailers but has 14" wheels under the deck . The trailer is narrower at 82". The post for the strap winch is removable to allow moving the boat forward 24" for storage. Length is 18.5'. Deck size 7x12. Price: **\$ 4,590**

Fish Art Boats

A colorful option. These Fish designs and original hand painting are done by artist Link Jackson. The color is achieved using colored Urethane. Since all of our boats are finished in Urethane this process produces a beautiful and super durable finished work of functional art. Each boat is unique. Maravia has been producing various graphic and creative designs that are an option as well. Swim with the fish, get a Fish Art Streamtech Boat!

Design and art Price \$800

Link Jackson Art

In addition to designing and marketing Streamtech Boats, Link Jackson is a Landscape Photographer and Watercolor Artist. His award winning works are widely known. Original paintings are available by calling or e-mailing Link. Prints and products with his images printed on them are available directly and on his art web site. www.LinkJacksonArt.com or at 208-869-7384. A few samples of his work appear on this page
